

Finding Book Reviews and Author Biographies

Good Starting Places at the College of Alameda Library

Books

Check the library catalog for books by and about the author.

For e-books, look in the **Ebsco e-Book Collection** on the library's article database page.

Online Databases

To find articles about authors and their works, check the following databases on the library's article database page.

Literature Resource Center

Includes author biographies, book reviews and critical essays.

Academic Search Complete

Good for finding book review articles in magazines and journals.

Biography in Context

A good starting place for general biographical research.

The library's article database page can be found at:
