Tips and Recommendations for General Education Sequencing that Support Student Success

General considerations:

Discipline faculty will be the main point of contact for Guided Pathways leads to communicate with and to maintain meeting and mapping documentation.

For major elective courses - Only include major electives that have been successfully offered within the last 2 years as a single choice. If the desired course is often cancelled, add a second choice. Indicate department's preference.

Recommend 2 GE courses for students to choose from for each GE area whenever possible (it's fine to note priorities/preferences).

Guided Pathway faculty, classified staff, and administrator leads are available to assist during team meetings as requested.

Instructional Faculty:

Schedule major course sequences based on the term in which the courses are usually offered (fall/spring/summer).

Counselors:

Check to see if general education course recommendations have been offered within the past 2 years. If the discipline wants a course that is frequently cancelled, select an alternative that is regularly offered too.

Students:

Students - consider the intensity of the courses in the discipline and general education courses to help limit burnout/stress (for example, if the semester seems to have a lot of high-unit or traditionally difficult courses, consider a Kinesiology or Studio Art course).

Classified Professionals:

Make general education recommendations considering workplace skills necessary outside material covered in courses in the major (for example, if writing is really important, suggest ENGL 5 for Critical Thinking; if speaking is really important, suggest COMM 5).

Complete 2-Year Maps should include the following:

- Transferable English & Math planned in the 1st semester except CE majors with high unit major requirements where this may not be possible (ex: AMT, DENTL, ADAM).
- All major requirements planned with logical sequencing (plan in any pre-reqs if needed)
- Local GE requirements planned
 - Area 1: Natural Sciences
 - Area 2: Social & Behavioral Science
 - Area 3: Humanities
 - Area 4a: English Composition
 - Area 4b: Mathematics
 - Area 4c: Computer literacy
 - Area 4d: Oral or Written Communication or Literature
 - Area 5: Ethnic Studies (can overlap with other GE Areas)
- 15 units per semester
- 60 Units (Associates Degree Applicable) – Course #1-249
- 1-2 course selections for each general education area & elective course/s

College of Alameda General Education Requirements for the Local Associate Degree Advising Form 2019-2020

Student's Name: _____
Last First Middle Student I.D. # Major

ASSOCIATE DEGREE: Complete a minimum of 60 degree-applicable semester units with an overall grade point average of 2.0 ("C"). At least 12 of the 60 units must be completed at College of Alameda.

LOCAL DEGREE GENERAL EDUCATION: Complete a minimum of 19 units from the areas below with an overall grade point average of 2.0 ("C") and a grade of "C" or better in Area 4a (English Composition) and Area 4b (Mathematics). Although a course may be listed in more than one area, it may not be counted in more than one area (except in Area 5, *Ethnic Studies*; see NOTE in Area 5).

NOTE: GE requirements for Associate Degrees for Transfer (ADT) may be different. See a counselor for more information.

MAJOR: Students must declare a major to earn an Associate Degree. Majors require a minimum of 18 units with a grade of "C" or better in each course. Unit requirements for majors vary within programs and instructional departments (consult the College of Alameda catalog and/or see a counselor for more information).

OUT-OF-DISTRICT OR OUT-OF-STATE COURSES: The Peralta District will consider courses with a minimum of 4 quarter units to satisfy an area that requires a minimum of 3 semester units and courses with a minimum of 1.5 quarter units to satisfy Area 4c (which requires a minimum of 1 semester unit). See a counselor for information about this process.

Graduation Evaluation

It is the student's responsibility to file a "Petition for an Associate Degree" by the deadline specified in the College Academic Calendar (available in the college catalog, class schedule or college's website). Students should file the petition once all course requirements are completed or final courses are in progress. Official transcript of any course work completed outside Peralta District must accompany the petition or be on file prior to requesting an evaluation. All out-of-district courses will be evaluated individually to determine if they satisfy COA's General Education requirements. Petitions are available at the Admissions and Records office and must be completed with a counselor. Counselors are available by appointment through the Counseling Department located on the first floor of Bldg A or 510-748-2209.

Brief overview of the COA GE Advising Worksheet

- 60 degree applicable units = Major + General Education + Electives
- Each box represents an GE area that needs to be completed
- Some major courses may also count for GE (two-fers)
- Some courses may show up in more than 1 GE area but the units cannot be double-counted

Course Bingo!

In your GE area team look over what GE areas you have left to complete in relation to the major. Using the COA GE Advising Sheet & the Catalog, review the course descriptions & pick an option 1 and option 2 course for each GE area you have left to complete

Things to consider:

- What courses we never seem to offer (select them with an alternative that is regularly offered)
- What course may count as a two-fers
- Course load in relation to major requirements
