

Q21. Welcome to COA's new, online portal for completing your **Annual Program Update (APU)**. Your work will be saved at the end of each section. If you partially complete a section, *that* section's responses will not be saved. Prior sections will be saved, should you need to stop and leave the portal for a period of time and then come back to it. If you have any questions about the portal during the process, please email Interim Dean Karen Engel at kengel@peralta.edu or call or text her cell phone at (510) 381-5292. For questions about your program or the process, please contact your instructional dean or service area or administrative unit vice president. Thank you!

Q1. Please select the discipline, department or program:

Q102. Please select the Program Type:

- Instructional
- Student Services
- Administrative Services

Q2. Please provide the name of the person(s) completing this Program Review:

Trish Nelson and Anna O'Neal

Q103. The mission of College of Alameda is to serve the educational needs of its diverse community by providing comprehensive and flexible programs and resources that empower students to achieve their goals.

Q3. Please provide the mission statement for your program:

The overarching mission of the Learning Resource Center is to create and maintain a collaborative learning community environment (1) to provide centralized access to programs and services that are designed to assist students in succeeding in their academic endeavors, including the development of learning skills and attitudes for effective performance in the college environments as well as the enhancement of thinking abilities and knowledge base, and (2) to provide instructional support to faculty in the classroom. In furtherance of these goals, the Learning Resource Center will maintain an effective, comprehensive and integrated array of programs and services providing individual needs assessment, individual and small-group peering tutoring, personalized computer-assisted tutoring, and computer-assisted supervised tutoring arrangements linked to specific courses. To this end, the specific functions of the Learning Resource Center are to:

1. Maintain a well-organized, efficient and accountable Learning Resource Center to house programs and services to support student learning.
2. Provide personalized assessment and placement services designed to accurately discover and serve the needs of individual students.
3. Provide individual and small-group tutoring for all students who need assistance in order to succeed in their academic classes.
4. Provide tutoring modalities specifically designed to address the needs of the under-prepared and at-risk student.
5. Provide computer-assisted learning support in the Writing Center, Basic Skills Lab and ESL Lab that addresses the specialized needs of the student populations served by each of those labs.
6. Include in all LRC activities the component of fostering and promoting good study skills and interpersonal relations skills.
7. Assist instructors in developing and delivering computer-assisted classroom activities to support and supplement lecture classes.
8. Provide free access to, and assistance in accessing, the world of the Internet and World Wide Web as well as the benefits of other technological advances to students who do not have such access available to them at home.
9. Integrate learning support programs and services with all areas and efforts within the college community.

Unique features of the LRC are:

- Online tutor training course and bi-annual professional tutors' retreat
- Free online tutoring through Upswing
- Our presence in the Science Annex
- Scheduled workshops and on-going study groups
- Study groups and workshops for specific basic skills class sections
- LRC, Moodle, LRC/Library orientations for ESL and other interested instructional areas

The Learning Resource Center (LRC) aligns with the College of Alameda mission statement by likewise serving the needs of our diverse students through flexible programs and services.

Q104. Please specify the **date** of your program's last Comprehensive Program Review (month and year):

10/2016

Q105. Cut and paste the program goals and administrative unit outcomes (AUOs) from your program's most recent Program Review or AUO documents into the left-hand column. Then complete the remaining columns of the table below. Program Review Archives, PCCD and COA Strategic Goals can be found on [your program's APU home](#) page.

	<u>PCCD goal</u> advanced upon completion (#)	<u>COA goal</u> advanced upon completion (#)	Progress on goal or AUO attainment (specify: the date completed, revised, or ongoing)	Explanation or Comments (describe any revisions or impediments)
<p>Assessment</p> <p>The Learning Resource Center (LRC) has the student learning outcomes (SLOs) published on the College of Alameda, LRC website: http://alameda.peralta.edu/learning-resource-center/. Also, the SLOs are displayed in every learning lab: the Writing Center/Language Lab, Math Lab, and Open Lab. These outcomes are:</p> <ol style="list-style-type: none"> 1. Use LRC services consistently. 2. Demonstrate self-reliance by choosing appropriate resources. 3. Apply time management as a study skill. <p>By following these guidelines, students should become independent, make relevant decisions and manage their time efficiently. These skills can transfer to the educational goals and workforce.</p>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<p>Curriculum (if applicable)</p> <div style="border: 1px solid black; height: 60px; width: 100%;"></div>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Other Program Improvement Objectives or AU Outcomes

--

--	--	--	--

Q106. Please review and reflect upon the data for your program (see [Data Dashboards](#) on the left of the COA Program Review home page). Then describe any significant changes in the following items and discuss what the changes mean to your program. Focus on the most recent year and/or the years since your last comprehensive program review.

Q107. Using the [Enrollment Data Dashboard](#), review any changes in the student demographics of your students. Particularly consider changing number (or percentage) of student by age, gender, ethnicity, and special populations (foster youth, veterans, low income, students with disabilities). Comment on any changes.

The LRC demographic data shows the population of students we serve to be consistent with the percentages of students enrolled in the college as a whole. Interestingly, the percentage of students in the "Unknown/NR" category is higher than any other single racial demographic, implying that this demographic data is unreliable. Revised demographic info requested.

Q108. Using the [Enrollment Data Dashboard](#), review and comment about any changes in enrollment by course.

Supervised Tutoring shows a dramatic drop in enrollment in Spring 2017, by as many as 300 students. Factors affecting this number include tutoring at the Science Annex that may not be accurately reported due to insufficient supervision and confusion regarding the MESA "program," and generally lower enrollment that term.

Tutor Training is a new course (Fall 2016), and enrollment is dependent on the number of new tutors hired in any given semester. However, the numbers appear consistent.

Q109. Using the [Productivity Data Dashboard](#), review and comment on any changes in the productivity of your program and courses.

LRNRE 501: All data sets are null, as this is a non-credit, non-transcripted course which is included in the instructor of record's LRC assignment.
LRNRE 502: Not a choice on the dashboard.

Q110. For Student Services units, consider and comment on any changes in the number of student contacts and the success rates of the students served.

N/A

Q111. Using the [Course Completion](#) and [Retention Data Dashboards](#), review and comment on any changes in the completion and retention rates of your program's courses.

LRNRE 501:
 English Course Success Rate for COA as a whole, 2016-17: 57%
 English Course Success Rate of LRNRE 501 students in 2016-17: 72%
 English Course Retention Rate for COA 2016-17: 64%
 English Course Retention Rate of LRNRE 501 2016-17: 85%
 We don't have previous data for comparison with these figures, however it would appear that enrollment in LRNRE 501 has a significant positive impact on students enrolled in English courses in both success rates and retention rates.

MATH Course Success Rate for COA as a whole, 2016-17: 62%
 MATH Course Success Rate of LRNRE 501 students in 2016-17: 68%
 MATH Course Retention Rate for COA 2016-17: 71%
 MATH Course Retention Rate of LRNRE 501 students 2016-17: 87%
 We don't have previous data for comparison with these figures. However the impact of LRNRE on Math students, particularly with respect to retention is significant.

ESL Course Success Rate for COA as a whole, 2016-17: 86%
 ESL Course Success Rate of LRNRE 501 students in 2016-17: 89%
 ESL Course Retention Rate for COA as a whole, 2016-17: 89%
 ESL Course Retention Rate of LRNRE 501 students in 2016-17: 96%
 We don't have previous data for comparison with these figures. The impact of LRNRE 501 on ESL figures is less than English or Math, yet still - in relationship to retention at least - significant.

What is of interest here is that the actual figures with respect to retention are in direct conflict with students' self-reported thoughts (SLO assessment) about the effect of LRC use on their likelihood to drop a course.

LRNRE 502: Success is on par with campus success. IA intervention was essential to reach even this modest success rate.

Q112. Using the [Course Completion](#) and [Retention Data Dashboards](#), review and comment on any changes in the completion and retention rates of your program's **Distance Education or Hybrid** classes versus **face-to-face** (or lecture) classes. Use the DE filter. Set it to "NULL" to review only face-to-face classes.

LRNRE 502: There is no comparative data for this course, as it is only offered online (and it's the first AY we've offered it).

Q113. Review and reflect on other program specific data or unplanned events that reflect significant changes in the program.

The additional funds provided by the BSSOT Grant have had significant impact on services we can offer.

Q114. Using the [Equity Data Dashboards](#), please review the student success data for your program and comment upon it. Do performance gaps exist in the student success or achievement rates for disproportionately impacted students, including African-American, Hispanic/Latino, Filipinos/Pacific Islanders, foster youth, veterans, students with disabilities or other groups not listed here?

- Yes
- No

Q115. If differences exist, please detail the differences and describe the activities your program is making to address the differences. How will your program evaluate the effectiveness of these activities?

LRNRE 502: African-American and Hispanic/Latino are more successful in this course than White or Asian students. Asian students have a lower than campus average success rate, possibly because so many of them are International students and lack the English skills necessary for course completion.

Q116. What curricular, pedagogical or other changes has your department made since the most recent program review?

Two non-credit courses, LRNRE 503 and 504, were added to our inventory based on the BSSOT Grant plan which was developed using equity data.

Q117. Were these changes based on assessment of student learning outcomes at the course or program level?

Yes

No

Q118. Please identify the assessment used.

Student survey

Q119. Please describe the basis for the change if assessment was not used (choose all that apply).

The question answer displays to the respondent

Q120. Attach a summary depicting the program's progress on assessment of course and program level outcomes (SLOs and PLOs).

[LRC SLO For 2017 APU.pdf](#)

115.9KB

application/pdf

Q121. Please evaluate your program's progress on assessment. What are the plans for further assessments in the upcoming academic year? Please include a timeline and/or assessment plan for the future.

All SLO/PLOs are being assessed in the spring of each academic year. 2016-17 was our second AY using a student survey. We intend to refine the survey even further, with the involvement of Math faculty, and continue in the pattern established.

Q124. What does your program do to ensure that meaningful dialogue takes place in both shaping and assessing course and program level outcomes? Where can one find the evidence of the dialogue?

Staff and Faculty coordinators, along with IAs when we have them, meet at the beginning and end of each AY to review assessment methodology and results, and make changes as needed to assessment instruments and tutor training. Evidence of the dialog in yearly iterations of instruments and training materials.

Q123. Describe your plans for improvement projects based upon the assessment results.

Continue to add non-credit courses and workshop series based on student need as determined by the revised Spring 2018 student survey.

Q125. Attach evidence of these assessment results (the assessment report from [Taskstream](#), departmental meeting notes, or the assessment spreadsheet showing these results).

[LRC SLO Action for 2017 APU.pdf](#)

112.1KB

application/pdf

Q126. Is your program one of the below?

- CTE program
- Counseling Department
- Library Services
- Student Services or Administrative Unit
- None of the Above

Q128. **For CTE Programs:** Please describe any recommendations resulting from advisory committee meetings that have occurred since your last program review.

The question answer displayed to the respondent

Q129. Is your CTE program working with a Deputy Sector Navigator?

The question answer displayed to the respondent

Q130. Briefly describe your CTE programs' work with the Deputy Sector Navigator?

The question answer displayed to the respondent

Q131. Is your CTE program currently participating in any grants? Please discuss your progress in meeting the stated goals in the grant(s).

The question answer displayed to the respondent

Q132. **For Counseling:** What has the counseling department done to improve course completion and retention rates? What is planned for the future?

The question answer displayed to the respondent

Q134. What is the counseling department planning to do to improve course completion and retention rates in the future?

The question answer displayed to the respondent

Q133. What has the counseling department done to improve SSSP counseling services? Please discuss your progress in improving SSSP counseling services.

The question answer displayed to the respondent

Q135. **For Library Services:** Please describe any changes in the library services, collections or instructional programs since the last program review or annual program update.

The question answer displayed to the respondent

Q136. Please fill in the information below re Library Services:

The question answer displayed to the respondent

Q137. For Student Services or Administrative Units: Briefly describe the results of any student satisfaction surveys or college surveys that included evaluation and/or input about the effectiveness of the services provided by your unit.

The question answer displays to the respondent

Q138. How has this information informed unit planning and goal setting?

The question answer displays to the respondent

Q139. Briefly describe any changes that have impacted the work of your unit.

The question answer displays to the respondent

Q146. Please find the Prior-Year Resource Utilization Self-Evaluation Template in your [Program Review home page](#), review your expenditures for 2016-17 and complete the form. Upload it here when you are finished.
