## PCCD Board of Trustees Approves Four Tenured Faculty Members

At the March 8, 2022, board meeting, PCCD trustees approved four CoA tenured faculty members, including African Diaspora Studies Instructor **Jody Campbell**, Health Services Coordinator and Licensed Professional Clinical Counselor **Lisa Sawadogo**, Diesel Mechanic Instructor **Blair Norton**, and Psychology Instructor **Elham Chishty**. Special thanks to our Tenure Review Coordinator (TRC) **Rochelle Olive** for her work on the tenure process.

*African Diaspora Studies Instructor Jody Campbell (center) & friends.*

**Jody Campbell** teaches African Diaspora Studies at CoA and also teaches sociology at Solano Community College. He has been teaching at PCCD for over ten years and at Solano College for more than seven years. Jody is a graduate of Laney College. He earned his baccalaureate degree in African American Studies and Sociology from the University of California, Davis. He holds a Master of Arts in Ethnic Studies Degree with an emphasis in Afro-Caribbean and Afro-Latin Studies from San Francisco State University.

Prior to entering San Francisco State University, Jody studied at the University of West Indies in Trinidad and Tobago, and the University of Havana in Cuba, where he spent two semesters

studying African Diasporic communities in the Caribbean and Latin America. He began his teaching career at Laney College through the Peralta Faculty Diversity Internship Program. For six years he taught at Laney College in the African American Studies Department and served as an advisor to the Laney College Black Student Union and the CoA Black Student Union. He has also served as co-coordinator for the CoA Umoja program as well as serving on the Academic Senate, College Council, Curriculum Committee, and the Black History Month Committee.

Over the past ten years, Jody also has been teaching African American Studies at Oakland Technical High School, Island High School, and Madison Park Academy through the Dual Enrollment Program. Prior to teaching, Jody served for years as a social worker for Families First, where he actively worked with African American foster families in Alameda, Contra Costa, and Solano County. When he is not teaching, Jody enjoys traveling with his family to the Caribbean and throughout Latin America.

*Psychology Instructor Elham Chishty*

Psychology Instructor **Elham Chishty** arrived in the U.S when she was eight years old, having previously lived in both Pakistan and Saudi Arabia. She has had passion for teaching since high school, where she was inspired by the words, actions, and intentions of her teachers. She graduated with an Associate of Arts Degree in Liberal Arts and Sciences from San Joaquin Delta College in Stockton, California and went on to complete a Bachelor of Arts in Psychology from the University of California (UC), Davis. While at UC Davis she became fascinated with the applied side of Psychology, which became her initial focus after graduating. She enrolled in an intensive doctoral program at Alliant International University, California School of Professional Psychology, where she successfully completed one year of course work in Clinical Psychology. After some time, she says that

she realized that she was more interested in teaching and enrolled at San Francisco State University where she earned a Master of Arts Degree in Psychology, specializing in Developmental Psychology. Immediately after graduation, Elham says that she felt blessed to have started teaching at the College of Alameda.

“I instantly fell in love with the College, the students, and the faculty,” she said. “I felt an honesty and a genuine struggle for growth in the hearts of all the people I met at CoA. It mirrored my journey and my struggles as a human. I love the human element to teaching where students can relate to one another while relating to the material itself. I love the fact that art and reflection is incorporated in my work with the students so they can delve deeply in to the subject matter and find some sort of place of healing within it. I am blessed to be around my students as they have so much to teach me. I feel utterly honored to receive tenure as this is not just something I have accomplished, but the years of dedication, guidance, and camaraderie I found in my esteemed colleagues. Thank you so much for honoring me!”

*Diesel Mechanic Instructor Blair Norton*

**Blair Norton** began his journey to become a Diesel Mechanic Instructor in 2012 when he enrolled as a student at College of Alameda. Prior to that, he worked in the industry for twenty-five plus years as a heavy-duty truck and equipment mechanic. After graduating, he began his teaching career as an adjunct faculty member in our Diesel and Truck Mechanics Program. Blair’s hobbies are restoring classic cars and building hot rods. He has been going to car shows with his father since he was a young boy. Blair looks forward to the annual Downtown Alameda Classic Car Show where he promotes the Diesel Mechanics (DMECH) Program. He also enjoys riding motorcycles and spending time with his family.

Blair is a proud alum of the College of Alameda and enjoys participating in outreach events. He demonstrates outstanding dedication to his students and the teaching profession. He has spent the last four years co-chairing the DMECH Program, updating instructional materials, improving curriculum, and building relationships with industry partners for students’ success. He

is personable and makes himself available to students whenever possible, believing that every student can achieve their goals. He genuinely enjoys being a part of the community that is the College of Alameda.

*Health Services Coordinator and Licensed Professional Clinical Counselor Lisa Sawadogo,*

Health Services Coordinator and Licensed Professional Clinical Counselor **Lisa Sawadogo** is a tremendous asset to the College. Her dedication to students is demonstrated in both the personalized care that she shows to her student clients and in the support, training, and mentorship that she provides to CoA's Mental Health interns, who provide therapy services to students. Lisa is community-minded and actively seeks collaboration with other campus programs to provide access and help destigmatize mental health services for our students. Lisa grew up in the Chicago area and received a Master of Arts Degree in Community Counseling from Eastern Illinois University. Most of her work experience over the past 15 years has been providing mental health services in Oakland community clinics, nonprofit organizations, community colleges, and private practice. She also volunteers at [Trybe](#), a community-based organization in

East Oakland. Lisa says that it is an honor to walk alongside students in support of their personal and educational journeys. Outside of work and volunteering in the community, she loves sports, hiking, reading historical fiction, and going on outdoor adventures with her family.

## Spring Financial Aid Fair Held on April 13<sup>th</sup> Was a BIG Success

The Financial Aid Office is excited to share that our Spring Financial Aid Fair held on April 13<sup>th</sup> was a BIG success! There were over 160 students in attendance to:

- Check their financial aid status
- Complete their financial aid files
- Learn about federal & state programs
- Schedule 1:1 appointments to complete their FAFSA/Dream Act application
- Provide direct assistance with any financial aid questions

The event featured a carnival theme with games i.e., bean bag toss and Skee-ball, and a raffle for students to win prizes. Two students won goodie bags with \$50 gift cards, and two other students won stuffed animals. There was also a delicious taco truck courtesy of Tacos Sinaloa. Based on our student feedback survey, 70% of our students reported they were very satisfied with the event! Many students reported being excited to know about our next event. All student workers were given goodie bags in celebration of National Student Employment Week.

This all could not have happened without our amazing collaborators and supporters. Thank you to Health Services for partnering in this effort....you rock! Shout out to our facilities team for the event set-up. Kudos to our faculty and classified professionals for promoting the event with our students. We would also like to acknowledge President Jones and our administrative team for taking time off from their busy schedules to come out and support the event. Finally, special thanks to our new District Financial Aid Director, **Albert (Ken) Lira**. He jumped right in to assist the financial aid team in supporting our students.

Our next event will be in June. Stay tuned for more **Food, Fun, and Financial Aid!**
