President's Welcome

HAPPY BIRTHDAY COA!

The year 2020 is one of the biggest years in College of Alameda's history. It's CoA's 50th anniversary! Over five decades, remarkable events and people have built an institution of excellence.

CoA was championed into existence by a group of dedicated individuals who strongly believed in the power of open access to higher education to change lives, communities, cities, and the world.

Our college campus continues to evolve and develop –adding new buildings, developing strategic academic programs, and enhancing services to meet the needs of our community. In Fall Semester 2020, our new Center for Liberal Arts opens. The facilities will showcase signature programs, including Apparel Design and Merchandising, Art, and classrooms for language arts, social sciences, and the humanities.

I am gratified by the diverse student population that we serve and am especially proud of the number of our first generation students whose college graduation not only improves their lives, but also the lives of future generations.

As we look back on our shared accomplishments, we move forward with excitement about what the next 50 years will bring.

Sincerely,

Timothy Karas, Ed.D.
President

Special regulations govern the admission of international students. AB705 Information

GRADUATE & TRANSFER FASTER THAN EVER WITH **AB705**

It's a NEW DAY, there's a NEW WAY for you to graduate and transfer faster than ever before. See a counselor for more information and visit www.peralta.edu/academicaffairs/ab705atpccd for a full description of the new California state law called AB 705.

WHAT'S OLD

- **Placement tests** that didn't do a very good job of properly placing students into the math and English classes right for them. That's old!
- **Semester after semester of below-college-level math and English courses** that delayed students from reaching their graduation and transfer goals. That's old!
- Math & English **courses that didn't give students enough time with their instructors** to really help them succeed. That's old!

For students enrolled in **ESOL coursework**, AB705 requires California Community Colleges to maximize the probability that a student will enter and **complete degree and transfer requirements in English within three years**. Placement tests may still be used. Colleges may elect to provide a variety of additional instructional support and student services assistance to increase course success.

WHAT'S NEW

- **No more placement test for math and English.** Almost all students are now placed directly into college and transfer-level courses, making it faster to complete your graduation and transfer goals.
- **More classroom support is now available for your math and English classes.** These classes offer additional one-on-one and small group learning with faculty. These "supplemental" courses are required for some students (based on high school gpa) but are open to all students.
- **Taking math and English right away** as you enter college for the first time or are returning back to college is key to your success. Our aim is to support students in successfully passing college-level math and English in your first year.

Enrollment Appointments & Open Enrollment

You may enroll in classes on or after your enrollment appointment or during open enrollment. If you have been provided an enrollment appointment, it will appear in your Passport Student Center. Most new and former students do not have appointments and may enroll during open enrollment.

Priority Enrollment	4/6/2020
Continuing Enrollment	4/10/2020
Open Enrollment (including high school students)	4/13/2020

Student Success & Support Program (SSSP)

SSSP consists of three components to help you get started and succeed at the Peralta Colleges:

- **Orientation:**
You will attend an online or in-person orientation designed to familiarize you with the college and its services.
- **Assessment (Multiple Measures):**
Assessment staff and counselors review multiple measures to advise you on appropriate class enrollment and placement in English or English as a Second Language (ESL) and mathematics. You may use a valid high school transcript from within the last 10 years or take an assessment test to fulfill the assessment requirement. Transcripts must include your high school grade point average (GPA) and English and/or math class grades from your 11th and/or 12th year.
- **Counseling:**
You will meet with a counselor to help develop a student educational plan (SEP) and select appropriate classes based on your objectives and assessment evaluation.

See the individual college information pages in this schedule for more information on how to attend orientation, provide transcripts or schedule an assessment, and make a counseling appointment.

Exemption from SSSP:

Students may be exempt from the SSSP process at the Peralta Colleges under the following conditions:

- 1) Student has earned an associate or higher degree from an accredited institution; or
- 2) Student is enrolling in fewer than 12 units and has declared one of the following educational objectives: Discover/formulate career interests, plans, goals; Prepare for a new career (acquire job skills); Advance in current job/career (update job skills); Maintain certificate or license (e.g. nursing, real estate); Acquire educational enrichment (intellectual, cultural); or Complete credits for high school diploma.

Exemption from Assessment Component Only:

Students meeting at least one of the following conditions shall be exempt from the assessment component:

- 1) Student has successfully completed (grade C or higher) college-level English and mathematics courses (transcripts or grade report required); or
- 2) Student has, within the last three (3) years, taken an assessment test that can be used by Peralta staff to determine suitable placement in English and mathematics. Students who have received services for a learning disability in the last three years at any California community college may be exempt from the assessment component. If this applies to you, call the DSP&S office as soon as possible and make an appointment to see a counselor.

All students may participate in any of the Student Success & Support Program components, even though they qualify for an exemption. The District Prerequisite Policy is enforced for all students regardless of SSSP status.

If an enrolled student drops a class and a seat opens up, do wait listed students get the opportunity to enroll first?

Yes. When a class is marked as closed only students from the wait list can be enrolled.

Before the first day of classes, a daily process runs to automatically enroll students from the wait list. If all wait listed students are successfully enrolled in the class and there are still seats available, the class will reopen. However, if all students from the wait list are moved to the class filling the class to capacity, the class will remain closed and the wait list will re-open.

If by the first day of class you are still on the wait list, you will need to attend the first class meeting and obtain a permission number from your instructor in order to enroll in the class.

Can I be on the wait list for more than one section of the same class?

Yes. You will be automatically enrolled in the section that becomes available first, depending on your position on the wait list for each section.

Can a student enroll and wait list in different sections of the same class?

Yes, but they cannot be enrolled in both. A student can be enrolled in the open section of a class and at the same time be on the waitlist for a different section of that same class (maybe the wait listed section was their first choice, but it has reached capacity). However, a student will not be auto enrolled in the wait listed section when a seat becomes available, even if they are eligible. In this instance, they will need to drop themselves from the section they are currently enrolled.

How will I move from the wait list into the class?

During the enrollment period before classes begin, you are automatically enrolled as space becomes available as long as there are no errors or enrollment restrictions. After classes begin, instructors are required to issue permission numbers. You use the class permission number to enroll in the class via Passport (you must drop yourself from the wait list before using the permission number) or by going to the Admissions and Records office at the college.

Is there a limit to the number of wait listed units?

Yes. Your wait listed units and enrolled units cannot exceed 10 units in summer and 18 units in fall and spring.

Are wait listed units counted into my total units for the term?

No. Enrolled units and wait listed units are counted separately. Wait listed courses are not counted towards full-time status or calculated for fees.

Will I be charged the enrollment fee when I add to the wait list?

No. You are only charged the appropriate fees when you are officially enrolled in the class.

How do instructors know who is on the wait list?

Class wait lists are available to instructors through class rosters.

Can I drop myself from a wait list?

Yes. You can drop yourself from a Wait list using Drop Classes in Passport.

Can I see my position on a wait list?

You can view your wait list position in your Student Center under class schedule.

How can I tell if a class has a wait list?

Wait listed classes are marked by a yellow triangle in the online schedule of classes.

Wait Lists

During registration, if you try to register for a class that is full ("CLOSED"), you will be given the option to add to the wait list for that class until the wait list fills. **Remember, being on a wait list does not guarantee you a seat in a class.** If seats become available, those on the waitlist will be enrolled in the order they were added to the list.

Important: Passport will allow you to get on a wait list, however, you will not be enrolled if you have any holds, time conflicts, repeat or prerequisite errors, duplicate courses, excessive units, or any type of registration error.

FREQUENTLY ASKED QUESTIONS

Can anybody get on a wait list?

Anyone can get on a waitlist except high school students, however you will only be enrolled into the class if:

- you meet the class prerequisites
- the class time does not conflict with another class in which you are already enrolled
- you are not enrolled in another section of the same course
- you have no repeat errors or holds on your record
- the class units do not exceed your maximum allowed.

Who gets into a class from a wait list?

If one seats become available, students will automatically be enrolled in the class in the order in which they were added to the wait list as long as there are no errors or enrollment restrictions.

How do I know if I got into a class?

If you are automatically enrolled from the wait list, you will be notified by email to your Peralta email account. Be sure to activate and monitor your Peralta email account during the enrollment period.

When do I pay for the class?

Fees will be assessed after you enroll in a class and must be paid 2 weeks before the beginning of the term. If you do not pay your fees, you may be dropped from the class for non-payment. If you add after this deadline, you are required to pay the fees immediately or a HOLD will be placed on your account and your debt will be sent to collections. *Students on a wait list should monitor their Peralta email closely for enrollment notification.*

What is the first day I can be added to a wait list?

Wait lists become available when a class reaches its enrollment capacity. Wait listed classes are displayed in the online schedule of classes with a yellow triangle icon.

What is the last day I can be added to a wait list?

You can be added to a wait list until the day before the class begins.

What prevents me from adding to a wait list?

- Enrollment appointment date/time has not yet been reached
- The last day to add to the waitlist has passed
- Class is not yet closed
- Wait list is at its capacity
- You have reached the limit for wait listed units (wait listed and enrolled units cannot exceed 10 units in summer, and 18 units in fall and spring)
- You are a high school student

Refund Information

IT IS THE STUDENT'S RESPONSIBILITY TO DROP CLASSES!

Students are expected to attend all classes in which they are enrolled. If you do not attend, or stop attending classes, and fail to personally drop by the drop deadline, you will be responsible for all tuition and fees. Not attending classes does not warrant a refund of fees. It is the student's responsibility to drop all classes which they are not attending.

For specific refund dates, please visit www.peralta.edu and search Fall Refund Drop Deadline Schedule. This includes the refund dates for Regular Session, Short-Term and Late Start Courses.

Refund Procedure for Enrollment Fees

A student who cancels his/her registration prior to the first day of instruction, or officially withdraws from all classes during the first two weeks of instruction, shall be entitled to a full refund less a \$10 processing fee. (This must be done whether you attend the class or not.)

If a student pays an Enrollment Fee of less than \$10, and cancels his/her registration or withdraws from all classes before the deadline, the processing fee shall equal the Enrollment Fee.

No refund of the Enrollment Fee will be made to any student who withdraws from classes after the first two weeks of instruction.

A student may request a refund up to the end of the following term in which the refund was due. After that time, the student will not be eligible for the refund.

To apply for an enrollment fee refund, file an Application for Refund Request form at the Cashier's Office on campus.

Once the request is submitted, refund processing time is 4 to 6 weeks (after last day to add classes) during peak periods and 2 to 3 weeks during off peak periods.

Refund Procedure for Non-Resident Tuition and Capital Outlay Fee

- Students will receive a full refund for any class cancelled by the college.

Regular Session Classes:

- A 100% refund of Nonresident Tuition and Capital Outlay Fee (minus a \$10 processing fee) will be made for any class in which the student withdraws through the Last Day to Drop Regular Session Classes And Receive a Refund.

Refund Procedure for Short-Term, Late Start and Open-Entry/ Open-Exit Classes

- A student enrolled in a short-term class will receive a 100% refund (minus a \$10 processing fee for residents) if he/she officially withdraws within the first 10% of the class length. No refunds will be issued after the first 10% of the class length.

For specific dates, please visit www.peralta.edu and search Refund Drop Deadline Schedule. This includes the refund dates for regular session courses and short/late start courses.

Refund Procedure for Variable Unit Classes

No refund shall be made for variable units not earned by the student.

The State-mandated Enrollment Fees will be fully refunded if an action of the college (e.g. class cancellation) prevents a student from attending class. A student may, upon request, obtain a refund up to the end of the following term in which the refund was due. After that time the student will not be eligible for the refund.

Please note: Instructors may drop students who do not attend the first class meeting.

Course Identification

Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system that is different from the course numbers assigned by individual California Community Colleges. A C-ID Designator next to a course means that the course is comparable in content and scope to a similar course offered by participating California colleges and universities. Thus, if a catalog lists a C-ID Designator for a course, students can be assured that the course will be accepted at another California Community College that offers a course with the same C-ID Designator.

The C-ID Numbering System is particularly useful for students attending more than one California Community College since C-ID Designators are often applied to courses students need to prepare for transfer.

English/ Math Placement

College of Alameda's English/ Math placement process is compliant with Assembly Bill 705, which requires California Community Colleges to maximize the probability that a student who is seeking a degree/transfer will enter and complete transfer-level coursework in English and math within one year and use multiple measures when placing students into English or math courses.

The COA English & Math Placement Questionnaire will help you determine which course is best for you. Go online to <https://tinyurl.com/COAplacement> for your placement recommendation— print or take a photo of your recommended placement since you will need this information when you meet with a counselor. The questionnaire will take you 5-10 minutes to complete. For additional information visit alameda.peralta.edu/placement, go to the Welcome Center, A-building or call (510) 748-2209

Financial Aid is now available to AB 540 students

The California Dream Act

What is the California Dream Act?

The California Dream Act is comprised of two state laws, AB 130 and AB 131, that allow AB 540 students to apply for and receive several types of financial aid, including:

- California College Promise Grant (formerly BOG Waiver)
- State financial aids such as Cal Grants*, Chafee Grant, and Student Success Completion Grant (SSCG)
- Assistance from EOPS, CARE or CalWORKs
- Privately-funded scholarships

Check with your campus financial aid, scholarship, EOPS/CARE and CalWORKs offices to see what is available.

What is an AB 540 student?

AB 540 allows non-resident students who meet certain qualifications to exempt from paying non-resident enrollment fees. These students may include undocumented students, students who are US citizens but who are not CA residents, and dependent students whose parents are not CA residents. AB 540 students are those who:

- Have attended a CA high school for a minimum of three years; or
- Attainment of credits in California from a California high school equivalent of at least three or more years of full-time high school coursework and a total of three or more years of attendance in California Elementary schools, California secondary schools, or a combination of those schools.
- Graduated or will graduate from a California high school or attainment of General Education Development (GED), High School Equivalency Test (HiSET), or Test Assessing Secondary Completion (TASC), and
- Will register or enroll in an accredited and qualifying California college or university

AND

- If required, complete an affidavit saying you have filed (or will file when you are eligible to do so) for legal immigration status.

What My Next Step?

- If you are an AB540 eligible, visit <https://dream.csac.ca.gov/> to apply for financial aid.
- For Cal Grant eligible: Your college GPA verification form needs to submit to California Student Aid Commission (CSAC) by March 2. For more information on GPA requirements, visit <https://www.csac.ca.gov/student-forms-0>
- To ensure that your GPA Verification is electronically submitted, visit Admissions & Records Office at your home college to update your SSN to 999-99-9999
- For high school GPA verification, you must check in with your high school.

Why should I apply for financial aid?

Financial aid is made available to assist students and families in meeting the costs of a post-secondary education. If you believe you will need assistance in meeting those costs, you should apply for financial aid. You can apply online at www.fafsa.ed.gov, via the mobile app at “MyStudentAid”, or at dream.csac.ca.gov (For California AB540 students)

If I am not a U.S. Citizen, am I still eligible to apply for Financial Aid?

To be eligible for both federal and state aid, a student must be a U.S. citizen or an eligible non-citizen. For financial aid purpose, an eligible non-citizen is one of the following: a U.S. permanent resident who has an Alien Registration Receipt Card (I-551); a conditional permanent resident (I-551C); or a non-citizen with an Arrival-Departure record (I-94) from the U.S. Citizenship and Immigration Services with one of the following designations—“Refugee,” “Asylum Granted,” “Parole,” or “Cuban-Haitian Entrant.”

Students who are residing in the United States with an F-1 or F-2 student visa or a G series visa are NOT eligible for federal or state financial aid.

How do I get financial aid?

To receive financial aid you must apply for it. The biggest mistake students make is not to apply because they don't think they'll qualify, therefore, everyone should apply. To apply for federal, state, and college financial aid programs, you need to complete the FAFSA or Dream Act application. For the Cal Grant program, you must submit a GPA verification form by **September 2, 2020**. You may also be requested to submit additional documents such as IRS tax transcripts to complete your financial aid file. Please respond immediately to all requests made by the financial aid office.

Do I need to complete my income tax return before I complete the Financial Aid Application?

While it is recommended that you complete your tax return prior to filling out your FAFSA or Dream Act, it is not essential. You can fill out the Financial Aid application using estimated information from your W-2. Any large discrepancies between your aid application and your tax return may have a large impact on any preliminary financial aid award you receive.

What happens if I have academic or other problems and have to drop classes or drop out of college entirely?

If you receive aid and then drop units or withdraw prior to the end of the semester, you may be required to repay a portion of the funds. The repayment amount will be determined after the add/drop period has ended. Students that are required to repay will be required to do so before being allowed to enroll or requesting official transcripts.

What is Satisfactory Academic Progress (SAP)?

Students who have applied for financial aid enter into an agreement to attend class and complete courses with a passing grade. Failure to complete required units, meet the minimum cumulative GPA requirement or exceed the maximum unit limit will result in disqualification from receiving further Financial Aid. For more information please visit <http://web.peralta.edu/financial-aid/sap/>

Financial Aid

FREQUENTLY ASKED QUESTIONS

Do I have to reapply for financial aid every year?

Yes. The FAFSA Application is available as of October 1st of each school year, and ends June 30th. Make sure you include our school codes: Berkeley City College (014311), College of Alameda (006720), Laney College (001266) and Merritt College (001267)

Is there a limit to how much financial aid I can receive?

Yes. Effective with the 2012-2013 award year, the duration of a student's eligibility to receive a Federal Pell Grant is limited to 600% lifetime or its equivalent to 12 full-time semesters. Calculation of the duration of a student's eligibility includes all years of the student's receipt of Federal Pell Grant funding. Once a student has received a Federal Pell Grant for 12 full-time semesters (or its equivalent) the student will no longer be eligible for further Federal Pell Grant.

How is my financial aid disbursed?

Financial Aid funds are disbursed through BankMobile. Your financial aid will be used to pay off current aid year charges on your Passport account. If there are any remaining funds that exceed these charges on your Passport account at the time of disbursement, you will receive a refund of the excess amount which you may use to pay other educationally related expenses.

The Peralta Community College District partners with Bank Mobile®, a financial services company which provides refund methods for students to receive financial aid disbursements. Students who have completed a FAFSA or Dream Act Application and enrolled in courses will be sent a Bank Mobile® personal code to their mailing address. Student must activate the code and choose a refund method of their choice - opening an account with Bank Mobile or an ACH transfer into a bank account of their choice. Failure to activate your Bank Mobile account and choose a refund method may result in possible delays in financial aid disbursements.

Prerequisite/Corequisite Policy and Procedures

Prerequisites

Some courses have prerequisites: faculty have determined that students are highly unlikely to succeed in these courses unless they have acquired a certain level of skills or knowledge, usually through taking another course beforehand. The prerequisites for each course are listed in the class schedule.

When you attempt to enroll online in a course with a prerequisite, the system checks your academic records for evidence that you have taken or are taking the prerequisites at one of the Peralta Colleges.

1. If you have taken the prerequisites at a Peralta College after 1987 and have received a grade of C or better in it, you are allowed to enroll.
2. If you are currently taking the prerequisites, you are allowed to enroll conditionally until your grade is received. If your grade in the prerequisites is below a C, you will be automatically dropped from the higher level course. You will be informed of this by Peralta email.
3. If you have met the prerequisites through a course taken at another college, you will need to submit proof to the counseling department.
4. If you feel the prerequisite has been met through assessment at another institution, and you have either your scores and placement recommendations or a transcript showing the courses you assessed into and enrolled in, or through other means, (this is referred to as "Multiple Measure Assessment" in the class schedule), please see a counselor. The counselor will look at your test scores and discuss your preparation for the course. If the counselor determines that you have met the prerequisites, he/she will clear you for the course and you will be allowed to enroll.
5. If you feel that you have met the prerequisites through your life experience, or you believe that the prerequisites is unnecessary or unlawful, go to the admissions office to complete and sign a Petition for Prerequisite Challenge. You will immediately be cleared to enroll, pending review of your petition by faculty. If your challenge is approved you will remain in the class. If your petition is denied, you will be dropped from the class. You will be informed of this by phone. Challenge petitions must be approved or denied within five working days of the day they were filed. If your petition is not reviewed within five working days, you will remain in the class.

Co-requisites

Some courses have co-requisites: faculty have determined that students are highly unlikely to succeed in these courses unless they enroll in the co-requisite course at the same time. The co-requisites for each course are listed in the class schedule.

If you enroll in a course with a co-requisite, make sure to enroll in the co-requisite course as well. (If you have previously taken the co-requisite course and obtained a grade of C or better, you don't need to enroll in it again).

Open Classes

It is the policy of the Peralta Community College District that, unless specifically exempted by statute, every course, course section or class, the average attendance of which is to be reported for state aid, wherever offered and maintained by the District, shall be fully opened to enrollment and participation by any person who has been admitted to the College and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, Part VI, Title 5 of the California Administrative Code, commencing with Section 51820.

Student Study Load

In order to complete an Associate in Arts or Associate in Science degree at one of the Peralta Colleges in two years, an average unit load of 15 units per term is often necessary. Students may not carry more than 18 units (including a combined total of all Peralta Colleges) without prior approval of a counselor. Counselor approval is required for excess units up to 21.5 units. Enrollment in 22 to 25 units requires approval of the Dean of Student Services. Under no circumstances will approval be granted beyond 25 units. The maximum number of units for the Summer Session is ten (10). For college purposes, a full-time student is one who is carrying 12 or more units. Students are not permitted to enroll in classes with conflicting or overlapping meeting times.

Each campus has designated coordinators and resources for information and support. For inquiries and assistance, please visit: <http://web.peralta.edu/health-services/title-ix/>.

Board Policy 3430 Prohibition of Harassment

The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation. It shall also be free of other unlawful harassment as defined in Administrative Procedure 3430, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, gender identification, age, or sexual orientation of any person, military and Veteran status or because he or she is perceived to have one or more of the foregoing characteristics.

The District seeks to foster an environment in which all students, employees and other persons using the services of the district feel free to report incidents of harassment without fear of retaliation or reprisal. Therefore, the District also strictly prohibits retaliation against any individual for filing a complaint of harassment or for participating in a harassment investigation. Such conduct is illegal and constitutes a violation of this policy. All allegations of retaliation will be swiftly and thoroughly investigated. If the District determines that retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Individuals who engage in retaliatory conduct are subject to disciplinary action, up to and including termination or expulsion.

Any student, employee or other person using the services of the district who believes that he or she has been harassed or retaliated against in violation of this policy should immediately report such incidents by following the procedures described in AP 3430. Supervisors are mandated to report all incidents of harassment and retaliation that come to their attention.

In addition, this policy applies to all terms and conditions of employment, including but not limited to hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, training opportunities and compensation.

To this end the Chancellor shall ensure that the institution undertakes education and training activities to counter discrimination and to prevent, minimize and/or eliminate any hostile environment that impairs access to equal education opportunity or impacts the terms and conditions of employment.

The Chancellor shall establish procedures that define harassment. The Chancellor shall further establish procedures for employees, students, and other members of the campus community that provide for the investigation and resolution of complaints regarding harassment and discrimination, and procedures for students to resolve complaints of harassment and discrimination. All participants are protected from retaliatory acts by the District, its employees, students, and agents.

This policy and related written procedures shall be widely published and publicized to administrators, faculty, staff, students, and the public particularly when they are new to the institution. They shall be available for students, employees and others who use the services of the district in all administrative offices.

(Federal Educational Rights and Privacy Act of 1974, Board Policy 5040, Administrative Procedures 5040, and Administrative Procedures 5045)

Student Conduct Grievance and Due Process Policies

The Peralta Colleges have established regulations and procedures for the imposition of discipline on students in accordance with the requirements for due process of the federal and state law. Board Policy 5500 and Administrative Procedures 5500 clearly define the standards of conduct that is subject to discipline, detail the discipline due process, and identify potential disciplinary actions, including but not limited to the removal, suspension or expulsion of a student.

The College and the District shall ensure that students are accorded due process as stated in the written procedures. The Board Policy and Administrative Procedures are posted online and a copy may be obtained at the Office of the Vice President of Student Services.

The Peralta Community College District contracts police services with the Alameda County Sheriff's Office, to provide security patrol services for Laney College, Merritt College and the College of Alameda. With regard to Berkeley City College, the Sheriff's

Office primary function is compiling statistical information only. **The Berkeley Police Department is responsible for security patrol functions at Berkeley City College. A-1 Protective Services also provides patrol Monday - Saturdays.**

Mission Statement

The Alameda County Sheriff's Office/Peralta Police Services mission is to preserve the peace, maintain order and enforce state, federal, and local laws. Our goal is to provide a safe environment so that the educational process can be conducted in an orderly and uninterrupted manner. Deputies focus on "partnerships" in addressing problems and/or concerns identified by campus staff and students.

Peralta Police Authority

Deputies assigned to the Peralta Community College District have peace officer authority, pursuant to section 830.1 of the California Penal Code. Each deputy has met all state standards and training requirements, and has the same authority as municipal police officers. Sheriff Technicians also are employed by Police Services, but do not have peace officer authority. Peralta Police works in partnership with and will request assistance from the Oakland Police Department, Alameda Police Department or the Berkeley Police Department for incidents which require resources not readily available at Peralta Colleges.

Peralta Police Services joins the entire Peralta College Community in welcoming you. The goal of our department is to provide the safest possible environment for all campuses, so everyone can enjoy all of its facilities. Although your safety is our major concern, we also monitor fire and intrusion alarms as well as enforce parking regulations. Calls for service are prioritized and response time will vary with the location, nature and urgency of the situation.

Crime Prevention

Crime prevention is the responsibility of all staff and students. Members of the campus community should be aware of their surroundings and of circumstances which seem out of the ordinary. Willingness to look out for each other and to report all suspicious individuals or activities to the campus police will assure that the campus will be a safe, secure place to work and to study.

Personal Safety Tips

It's easy to give criminals an opportunity to strike; just be a little careless, forgetful, too trusting, and gullible. But, it's just as easy to remove the temptation; by being careful, alert, cautious, and aware. Most criminal activity occurs because opportunities exist for crimes to be committed. Take away the opportunity and crime can be greatly reduced. You are your own best security.

An awareness of the following crime prevention pointers, together with your own common sense, will help reduce the opportunity for others to commit a crime against you.

- Lock your car, office or residence whenever leaving it.
- Keep your car or building key ready in your hand
- Avoid unnecessary hazards of poorly lighted or unfamiliar areas.
- Know the locations of telephones and "Blue Phones" on campus.
- When working after hours, notify Police Services of your location. Lock all doors leading to the area you are in.
- Never leave personal items unattended in common areas.

Questions, suggestions and/or concerns regarding Campus Safety and Security may be directed to Police Services at (510) 465-3514. Your fears and concerns will be treated with the utmost importance by Peralta Police Services.

Bike Patrol

The bikes will allow officers to reach locations inaccessible to the patrol car and at the same time respond quicker than officers patrolling on foot. Also the bike patrol enhances our relations with the Peralta Community by making us more accessible to the public.

Weapons Policy

The unauthorized use, possession or storage of weapons, fireworks, or explosives is prohibited on any Peralta College premise (including vehicles) or at any Peralta Community College-sponsored activity. Weapons may include, but are not limited to, firearms, pellet guns, bows and arrows, martial arts equipment, switchblade knives, swords, large knives, and clubs.

Parking & Traffic Regulations

All provisions of the California Vehicle Code apply to individuals and to vehicles being driven on and about campus property and parking lots. All vehicle codes, including 21113 C.V.C., are strictly enforced. The speed limit is 5 m.p.h. in campus parking lots and property. Students may only park in designated student parking areas.

Persons must obey all California Vehicle Codes and carefully read and follow the campus parking and traffic signage. Illegally parked vehicles will be cited and/or towed at the owner's expense. For towed vehicles, contact Peralta Police Services at (510) 465-3514. Parking violations are enforced 24 hours a day, seven days a week, including holidays.

College officials do not have the authority to rescind or to arbitrate citation matters.

Students must not park in staff parking areas, red zones, yellow (loading zones), green 30 minute zones or in other unauthorized areas. Disabled student parking areas are available and posted with blue paint and handicapped parking signs.

"Handicap Accessible" signs mean the area is accessible by persons with disabilities; it does not mean it is designated for "Handicapped Parking".

Disabled students must also properly display their daily or semester parking permit (and a Student I.D. Decal if they attend Laney) along with their D.M.V. issued handicap placard and/or handicap license plate.

Staff must properly display their staff parking permit along with their D.M.V. issued disabled placard and/or disabled plate.

Daily parking permits expire at 10:45 p.m. each night and the parking lot gates are locked and secured at 11:00 p.m. each evening. Overnight parking is not authorized and vehicles will be towed at the owner's expense. (Contact Peralta Police Services for towed vehicles at 510-465-3456).

Visitors may park in the green 30 minutes zones at Merritt and College of Alameda if they are staying only 30 minutes or less. Visitors may park lawfully on the street at campuses with street parking, (metered zones require coinage). Special guest permits may be obtained through the business offices, and the Department of General Services in the District Administration Center (DAC).

Semester parking permits may be purchased for the student parking at Laney, Merritt and College of Alameda campuses for \$40.00 (\$20 for motorcycles).

The summer session rate is \$20.00 for cars (\$10 for motorcycles). Rates are subject to change.

You may choose to pay for parking on a daily basis, rather than purchasing a semester permit. The cost of daily parking is \$2.00 per day (exact change only). The daily permits may be purchased from the ticket machines located in the parking lots.

In addition to the daily parking permits, Laney College students must properly display a "STUDENT I.D. DECAL" (hanging from the rear view mirror with the numbered side facing outward), in order to park in a student parking lot or you will be cited.

Student I.D. Decals are issued, initially, at no charge and can be obtained from the Cashier's Office. (There is a \$10.00 replacement cost for lost or stolen Student I.D. Decals).

Unlike Laney, Merritt and College of Alameda, the Berkeley City College campus has no parking lot; therefore, Berkeley City College does not honor parking stickers from other Peralta Colleges. There is no designated public parking lot at Berkeley City College.

Jeanne Clery Disclosure

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or Clery Act, codified at USC 1092(f) as part of Higher Education Act of 1965, is a federal law that requires all colleges and universities to keep and disclose information timely and annually about certain crime on and near their respective campuses. These crime statistics can be found in the Peralta Community College Personal Safety Handbook, on the Peralta Community College District website: www.peralta.edu, and on the Alameda County Sheriff's Office website: www.alamedacountysheriff.org.

Annual Security Report

The Peralta Community College District (PCCD) Annual Security Report (ASR) is provided in accordance with the Crime Awareness and Campus Safety Act of 1990 and subsequent amendments that led to its being renamed the Jeanne Clery Act in 1998.

The ASR is part of ongoing efforts to inform you of the safety programs and services available and the crimes that are reported to Peralta Sheriff's, local police partners and other campus security personnel. It also contains information about proactive steps you can take to help maintain a safe and secure campus for everyone. Blackboard Connect

(Emergency Notification and Early Warning System)

Blackboard Connect, Inc. is a mass notification and Early Warning system used by the Peralta Community College District to notify students and staff of any emergency situations occurring on Peralta Community College District campuses or other Peralta Community College District properties. Mass e-mails and text messages are sent out describing the incident and how students/staff should proceed. Because emergency situations change rapidly, recipients should not expect regular updates; however, every attempt will be made to disseminate pertinent information, including campus closures.

To receive Blackboard text messages/e-mails, you must provide the Office of Admissions and Records with current cell phone numbers/email addresses upon registering for classes.

General Information

Admissions and Enrollment

- **Admission** and **enrollment in classes** are separate processes. Both must be completed before you can attend classes and earn credit in your courses. **Admission** is the process which admits you to the college and permits you to enroll in classes. **Enrollment** is the process of signing up for individual classes after you are admitted to the college.
- It may take one day or more to complete the entire admission/enrollment process, based upon your status and available schedule of services.
- **Do not mistake admissions and enrollment with only having to attend classes. You must follow the admissions and enrollment guidelines by enrolling online at www.peralta.edu.**
- If you feel you qualify for Financial Aid, apply **EARLY** in the academic year to determine eligibility and receive assistance in a timely manner. Contact the Financial Aid Office at (510) 748-2391.
- See a counselor **EARLY** and throughout each semester to establish an appropriate academic program plan which will help keep you on the path to your transfer, vocational or personal enrichment goals.
- Check the **Academic Calendar** each semester to note deadlines for adding and dropping classes, submitting graduation petitions, priority registration dates as a continuing student, holiday schedules, final exam week, etc.

IMPORTANT!

Students are responsible for submitting their Add and/or Drop online; failure to do so can result in credits not being given for class work completed or in unwanted grades being awarded for the class(es).
