

Institutional Effectiveness Review Process

Mission:

The mission of the Institutional Effectiveness Committee (IEC) is to ensure that the college maintains a set of ongoing and systematic institutional processes and practices that include planning, the evaluation of programs and services, the identification and measurement of outcomes across all institutional units (including learning outcomes in instructional programs), and the use of data and assessment results to inform decision-making. All of these activities are accomplished with the purpose of improving programs and services and increasing student success and institutional quality.

The IEC is the assessment and evaluation committee for the college. It will review and provide input on the assessment and evaluation of Instructional SLOs, Student Services Learning Outcomes and Administrative Services Outcomes (President's Office, Office of Instruction, Student Services and Business Services) and review Program Reviews as part of its overall responsibility for institutional effectiveness.
