

## 2024 EADA Report

The Equity in Athletics Disclosure Act requires co-educational institutions of postsecondary education that participate in a Title IV, federal student financial assistance program, and have an intercollegiate athletic program, to prepare an annual report to the Department of Education on athletic participation, staffing, and revenues and expenses, by men's and women's teams.

**Equity in Athletics data is available at:** <http://ope.ed.gov/athletics>. This site provides data from College of Alameda and thousands of colleges and universities in a convenient searchable form.

### Statute and Regulations

The Higher Education Opportunity Act (Public Law 110-315) (HEOA) was enacted on August 14, 2008. This law reauthorizes and extends the Higher Education Act of 1965, as amended. The Higher Education Act (HEA) provides the statutory authority for most of the programs and activities administered or conducted by the Office of Postsecondary Education, including requirements related to equity in athletics disclosure.

These [regulations](#) govern the consumer disclosure requirements for institutions that participate in the Federal student financial assistance programs.

*The Equity in Athletics Disclosure Act (EADA) was designed to make prospective students and prospective student-athletes aware of an institution of higher education’s commitment to providing equitable athletic opportunities for its men and women students. The EADA requires the disclosure of information about varsity teams and the financial resources and personnel that the school dedicates to those teams. Any co-educational institution of higher education that participates in a federal student aid program must prepare an EADA report by October 15. Institutions must also report data to the U.S. Department of Education via an online survey. This is a mandatory survey. Data collected in this survey is published by the Office of Postsecondary Education on the Equity in Athletics Data Analysis website located at <http://ope.ed.gov/athletics>. In addition, the data collected in this survey is provided by institutions in accordance with the EADA and may not be the same as data used for determining compliance with other Federal or state laws, including Title IX of the Education Amendments of 1972.*
