California General Education Transfer Curriculum (Cal-GETC)

Advising Form 2025-2026

Completion of Cal-GETC satisfies all lower division general education requirements at all CSU and most UC campuses, and at some Independent Colleges and Universities. It is not an admission requirement nor is it the only way to fulfill lower division general education requirements.

For most students, it is strongly recommended that students complete Cal-GETC prior to transfer. Advantages of completing Cal-GETC may include more flexibility in class selection at the university and timely progress to degree completion.

Note: Students transferring to a CSU who have Cal-GETC certified as complete will still need to complete 9 semester units of upper-division general education (GE) after transfer and may also be held to other campus specific graduation requirements outside of general education and major coursework.

Students are encouraged to see a counselor by appointment to discuss transfer and the Cal-GETC option as part of an education plan. Counselors are available by appointment through the Counseling Office located on the first floor of Building A, (510) 748-2209.

CERTIFICATION: College of Alameda can provide full certification (completion of requirements in every area) or partial certification (completion of requirements in one or more areas). **Note:** UC Berkeley's College of Letters & Science requires full certification of IGETC (See a counselor for details). All courses MUST be completed with a grade of "C" or better. Students should request IGETC certification when requesting their transcripts to be sent to the UC or CSU campus of their choice during the final term before transfer.

CAUTION: Cal-GETC may not be the best option for transfer, particularly for majors such as Engineering, Computer Science, Biology, and Business. See a counselor for more information. UC COLLEGES and MAJORS that **do not accept or recommend** the use of Cal-GETC: **Berkeley:** Haas School of Business; Colleges of Chemistry, Engineering, and Environmental Design. **Davis:** College of Engineering; Division of Biological Sciences, and majors in the College of Agricultural and Environmental Sciences and the College of Letters and Sciences that require substantial math and science preparation, such as: Chemistry, Environmental Toxicology, Food Science, Nutrition Science, Physics, Viticulture and Enology, etc. **Irvine:** Students entering majors that require specific or substantial preparation, such as science majors, may use Cal-GETC but need to give priority to completion of lower division preparation courses. **Los Angeles:** School of Engineering and Applied Science or the School of Nursing. **Merced:** Cal-GETC is not recommended for majors in the School of Engineering and Natural Sciences. **Riverside:** The Cal-GETC is not appropriate for students entering the College of Natural and Agricultural Sciences or the Bourns College of Engineering. **San Diego:** Students choosing majors that require specific and substantial lower division preparation, as in the Jacobs School of Engineering, may use the IGETC. However, lower division degree requirements should also be emphasized in transfer program planning. Cal-GETC is accepted at Earl Warren, John Muir, Sixth, and Thurgood Marshall Colleges. Students who follow Cal-GETC are welcomed at E. Roosevelt and Revelle Colleges. However, they must meet specific graduation requirements of those colleges. **Santa Barbara:** Cal-GETC is not appropriate preparation for transfer into the College of Engineering and the Computer Science major in College of Letters & Science. **Santa Cruz:** Although the Cal-GETC is acceptable for all majors, students planning to pursue majors that require substantial lower-division preparation, such as those offered in the School of Engineering, the sciences, or environmental studies, should give priority to the completion of major prerequisite courses.
